2. BUDGETING PRINCIPLES TO BE FOLLOWED

- 2.2 The capital budget component of the annual or adjustments budget shall only be approved by the council if it has been properly balanced, that is, if the sources of finance which are realistically envisaged to fund the budget equal the proposed capital expenses.
- 2.3 Before approving the capital budget component of the annual or adjustments budget, the council shall consider the impact on the present and future operating budgets of the municipality in relation to finance charges to be incurred on external loans, depreciation of fixed assets, maintenance of fixed assets, and any other ordinary operational expenses associated with any item on such capital budget. In addition, the council shall consider the likely impact of such

- creditors or for other operational purposes, to the municipality's asset financing reserve.
- 2.7 An impending operating deficit shall be made good in an adjustments budget, but if an operating deficit arises at the end of a financial year, notwithstanding the precautionary measures adopted by the council, such deficit shall immediately be made good in the annual or adjustments budget for the ensuing financial year, and shall not be offset against any unappropriated surplus carried forward from preceding financial years.

However, where it is the council's policy to raise external loans only for the financing of fixed assets in specified council services, finance charges shall be charged to or apportioned only between the departments or votes relating to such services.
- 2.13 Depreciation and finance charges together shall not exceed 20% of the aggregate expenses budgeted for in the operating budget component of each annual or adjustments budget.

OLD PARAGRAPH

BUDGET & REPORTING POLICY

function concerned shall have the right to allocate the total budgeted amount to the line-items within such vote, except in so far as the line-item provisions relate to matters determined by the chief financial officer in terms of the municipality's approved policies and contractual and statutory commitments (for example, depreciation charges, finance charges, insurance costs, contribution to the COID, RSC levies payable, skills development levies payable).

For purposes of applying this principle, the remuneration of political office bearers and other councillors shall be excluded from this limit.

OLD PARAGRAPH

- 2.19 In preparing its revenue budget, the municipality shall strive to maintain the aggregate revenues from property rates at not less than 25% of the aggregate revenues budgeted for.

NEW PARAGRAPH

To be dealt with in the reserves and funding policy. *(it is improbable to fix a percentage benchmark for revenue to be collected from property rates as a number of constantly changing circumstances needs to be taken into account (e.g people becoming indigents, thresholds of excluded property values in terms of Property Rates Act, etc), therefore this approach would require almost frequent review of the policy in one financial year, and that may render the policy inappropriate).*

OLD PARAGRAPH

The impact of such increases shall be assessed on the basis of a fair sample of randomly selected accounts. Because households have no mechanism for passing on such increases to other parties, but must fully absorb the increases concerned, the council shall ensure that the average additional impact of such increases is not more than the relevant increase in the consumer price index.

9. Section 21 Budget preparation process

- 9.1 The Mayor of the municipality must:

11. Section 23 Consultations on tabled budgets

11.1 After the budget has been tabled, the Council of the municipality must consider the views of the local community, the National Treasury, the Provincial Treasury, and any provincial or national organs of state or municipalities which have made submissions on the budget.

11.3 The National Treasury may issue guidelines on the manner in which the Council must process the annual budget, including guidelines on the formation of a committee of the Council to consider the budget and hold public hearings. Such guidelines shall be binding only if they are adopted by the Council.

13.1 This Section sets out the process which must be followed if the budget is not approved in the normal course of events. Briefly the Council must reconsider and vote on the budget, or an amended version of the budget, every seven days until a budget is approved. The Mayor must immediately inform the MEC for Local Government if the budget is not adopted by the start of the budget year, and may request a provincial intervention.

14. Section 26 Consequences of failure to approve budget before start of budget year

14.1 The provincial executive must intervene in any municipality which has not approved its annual budget by the start of the relevant financial year. Such intervention must entail the taking of any appropriate steps to ensure a budget is approved, including dissolving the Council and appointing an administrator until a new Council can be elected, and approving a temporary budget until such new Council can adopt a permanent budget for the municipality. The Section also imposes restrictions on what may be spent in terms of such temporary budget.

BUDGET & REPORTING POLICY

15. Section 27 Non-compliance with provisions of this chapter

15.1 This Section sets out the duties of the Mayor to report any impending non-compliance and the general consequences of non-compliance with the requirements of the various foregoing prescriptions.

16. Section 28 Municipal adjustments budgets

16.1 A municipality may revise its annual budget by means of an adjustments budget.

16.2 However, a municipality must promptly adjust its budgeted revenues and expenses if a material under-collection of revenues arises or is apparent.

16.2.1 A municipality may appropriate additional revenues which have become available but only to revise or accelerate spending programmes already budgeted for.

16.2.2 A municipality may in such adjustments budget, and within the prescribed framework, authorise unforeseen and unavoidable expenses on the recommendation of the Mayor.

16.2.3 A municipality may authorise the utilisation of projected savings on any vote towards spending under another vote.

16.2.4 Municipalities may also authorise the spending of funds unspent at the end of the previous financial year, where such under-spending could not reasonably have been foreseen at the time the annual budget was approved by the Council.

MALUTI-A-PHOFUNG LOCAL MUNICIPALITY

BUDGET & REPORTING POLICY

16.2.5 Only the Mayor of the municipality may table an adjustments budget. Such budget may be tabled whenever necessary, but limitations on the timing and frequency of such tabling may be prescribed.

16.2.6 An adjustments budget must contain all of the following:

- an explanation of how the adjustments affect the approved annual budget;
- Appropriate motivations for material adjustments; and
- an explanation of the impact of any increased spending on the current and future annual budgets.

20. Section 31 Shifting of funds between multi-year appropriations

20.1 If the funds for a capital project have been appropriated for more than one financial year (see Section 16) these expenses may exceed the appropriation for any one financial year, provided:

- the increase is not more than 20% of that financial year's allocation;
- the increase is funded in the next financial year's appropriations;
- the Municipal Manager certifies that actual revenues are expected to exceed budgeted revenues, and that enough funds will be available to finance such increased appropriation without incurring further borrowing beyond the annual budget limit;
- the Mayor gives prior written approval for such increased appropriation; and
- all the above documentation is provided to the Auditor-General.

MALUTI-A-PHOFUNG LOCAL MUNICIPALITY

BUDGET & REPORTING POLICY

22.1.1 The Municipal Manager, at least sixty days before the Council meeting at which the contract is to be approved, has made the contract public, with

22.1.2 an information statement summarising the municipality's obligations, and inviting the local community and other interested parties to submit comments or make representations.

22.1.3 The Municipal Manager solicits the views and recommendations of the National Treasury and Provincial Treasury in respect to such contract, as well as those of the National Department of Provincial and Local Government, and any national department concerned with water, sanitation or electricity, if the contract relates to any of these services.

22.1.4 The Council has taken into account the projected financial obligations in regard to such contract, the impact on tariffs, and the views and comments received from all the foregoing parties.

MALUTI-A-PHOFUNG LOCAL MUNICIPALITY

BUDGET & REPORTING POLICY

22.1.5 The Council adopts a resolution determining that the municipality will secure a significant capital investment or derive a significant financial or economic benefit from the contract, and approves the entire contract exactly as it is to be executed.

22.2 A contract for purposes of this Section shall exclude any contract relating to the incurring of long-term debt by the municipality, employment contracts, contracts for categories of goods as may be prescribed, or contracts where the value of the contract is less than a prescribed value or a prescribed percentage of the annual budget.

23. Section 42 Price increases of bulk resources for provision of municipal services

23.1 National and provincial organs of state which supply water, electricity or any other bulk resources to municipalities or municipal entities for the provision of municipal services may increase the price of such resources only after doing all the following:

23.1.1 The proposed increase must be submitted to the organ's executive authority and (where legislation so requires) to any regulatory agency for approval.

23.1.2 At least forty days prior to the above submission the National Treasury and organised local government must be invited to submit written comments on the proposed increase.

23.1.3 The executive authority, after taking into account the comments received, must table the price increase in Parliament or the provincial legislature, as

the case may be, with a full motivation and certain other prescribed explanatory documentation.

Unless the Minister of Finance otherwise directs, a tariff increase must be tabled on or before 31 March to take effect from 1 July of the same year. If it is tabled after 31 March it may only take effect from 1 July of the following year.

24. Section 43 Applicability of tax and tariff capping on municipalities

24.1 If a national or provincial organ of state is legislatively empowered to determine the upper limits of any municipal tax or tariff, such determination takes effect on the date specified in the determination, but provided that, unless the Minister of Finance otherwise directs:

24.1.1 A determination promulgated on or before 15 March shall not take effect before 1 July of the same year.

24.1.2 A determination promulgated after 15 March shall not take effect before 1 July of the following year.

24.1.3 A determination shall not be allowed to impair a municipality's ability to meet any annual or periodic escalations in the payments it must make in respect of any contract legally entered into by a municipality.

Board of directors of entity	<p>It is not clear to what person or structure in the parent municipality this budget must be submitted.</p> <p>However, it makes good sense for the council of the municipality to consider this budget at the same meeting that it considers the municipality's own proposed adjustments budget.</p>
87	(31 January to mid-March)	Parent municipality must consider proposed budget, and make any necessary recommendations.		<p>It is not clear what person or structure in the parent municipality must perform this action, but the council seems the logical party.</p> <p>It would also make sense for the council to consider this budget by 31 January.</p>

MALUTI-A-PHOFUNG LOCAL MUNICIPALITY

BUDGET POLICY

87	(Tabled in council by 31 January)	Board of directors of entity may, with approval of mayor of parent municipality, revise budget of entity for certain prescribed reasons. Adjustments budget once approved by board of directors of entity must be tabled by mayor at next meeting of council of parent municipality. Adjustments budget must be made public.	Board of directors and mayor of parent municipality	Evidently such an adjustments budget may be prepared at any stage. It would make good sense, however, for the parent municipality to insist that the entity's revised budget be prepared and submitted to the mayor at the same time that or before the entity's proposed budget for the new financial year is considered. Again the potential problem of different parent municipalities having different views will have to be resolved by (presumably) the mayors considered.
54(1) and (2)	(Between 31 January and 31 March)	If municipality faces "serious financial problems" mayor must "promptly" respond to and initiate remedial steps proposed by accounting officer, including steps to reduce expenses and tabling of adjustments budget. Mayor must also consider revisions to service delivery and budget implementation plan. (Note that only council may approve changes to service delivery targets and KPIs - these changes must therefore be tabled with the adjustments budget).	Mayor	Adjustments budgets may be prepared by the accounting officer, and tabled in council by the Mayor "when necessary". They must be so prepared and tabled (within prescribed limits as to timing and frequency) whenever material adjustments to expenses or revenues are required, and not only when "serious financial problems" are looming. In general, adjustments budgets

				should preferably be tabled by or as soon as possible after 31 January, and certainly not later than 31 March when the draft annual budget for the next year is first tabled.
54(3)	(Between 31 January and 31 March)	Mayor must ensure that revisions to service delivery and budget implementation plan are "promptly" made public. (Note that no concomitant revision of performance agreements is evidently envisaged).	Mayor	Presumably the accounting officer must make these revisions for the mayor's approval as part of the process of adjusting the annual budget. The deadline for these revisions must be by or as soon as possible after 31 January, but certainly not later than 31 March. See also 54(1) and (2).
87	100 days before start of financial year (approximately mid March)	Board of directors of entity must consider recommendations, and if necessary submit revised budget to parent municipality.	Board of directors of entity	
16(2)	31 March	Mayor must table (draft) annual budget of municipality at council meeting at least 90 days before start of budget year.	Mayor	Council meeting must be scheduled appropriately.
